

If you or someone you love has been without health insurance for six months because of a pre-existing health condition, your wait may be over.

- The Illinois Pre-Existing Condition Insurance Plan (IPXP) is a private insurance plan for individuals who have been uninsured for six months or more because of a pre-existing condition.
- You CAN get coverage, regardless of your health status.

Illinois Pre-Existing
Condition Insurance Plan

Are you uninsured with
a pre-existing condition?

**Health insurance
is within reach –
NOW!**

Illinois Pre-Existing
Condition Insurance Plan

Are you uninsured with a pre-existing health condition?

Health insurance is within reach – NOW!

Who is eligible?

IPXP is available to any Illinois resident who:

- Is a U.S. citizen, national, or legal resident
- Has been uninsured for the past six months
- Suffers from a pre-existing medical condition
- Is able to pay the premiums and out-of-pocket expenses

If you have been denied health insurance because of a pre-existing condition, your wait may be over.

What is covered?

Some of the benefits include:

- Primary and specialty physician services
- Hospital inpatient and outpatient services and Emergency Care
- Prescriptions, Labs and X-rays
- Preventive Care and Maternity Care

Easy to apply! What does it cost?

Premiums vary depending on your age, geographic area within the state and which of the four health plan options you choose.

Why enroll?

Managing an ongoing health condition can be hard. The costs of drugs alone can devastate a household budget, and the cost of catastrophic care could destroy your financial future.

Do it for yourself, and your family.
